

Enhance your **GREEN** initiatives!

Our Nationwide water waste reporting service allows **Your Residents** to post water waste reports 24/7 at ReportWaterWaste.com, or even from their Mobile phone or other Hand-held devices @ WaterWaste.mobi.

Reports can be made **Anonymously!**

You can use the water waste reports to gather more information, send out water conservation materials, investigate and assess fines, etc... You can also now encourage your Residents to report water waste on-line instead of calling you on the phone!

Our secure reports management application is also on-line @ <https://ReportWaterWaste.com>. Your City Water Authority Employees will Sign In @ <https://ReportWaterWaste.com> to view and manage the reports.

Major Benefits / Features...

- View and Manage water waste reports on-line Anytime from Anywhere!
- Your Residents can submit reports on our website, from their Mobile phone or other Hand-held devices @ <http://WaterWaste.mobi>, or even from your own website using our "iGoogle Gadget" (ask us how!)
- Reports can be made **Anonymously** - preserving your Residents' privacy
- A unique Control Panel / Command Console and reports "Dashboard"
- Add as many City Employees as you need to manage waste reports
- Record how much time your Employees spend on waste report investigations
- Add "Water Cops", Water Conservation Specialists, City Engineers, etc... to track the time they spend investigating and/or managing waste reports
- Create "Work Flow" for reports by changing the status of a report... New Report, Investigating, Warning Issued, Fine Assessed, Follow Up Needed, Resolved, etc...
- Search reports by Report Id, Status, Waste Type, Gallonage, Frequency, and Date Ranges
- View waste Locations via Google Earth maps
- Track \$ Fines and Fine \$ Collected (if applicable)
- Reports are stored in a secure database and are only accessible by the City Employees you add as Users of the application... and by us, of course, in case a Support issue arises

Promote it to Your Residents...

Placing our Logo(s) on your website (linking to our site) and placing our web address on your water bills and other water conservation materials will encourage your Residents to Report any water waste they see! We have multiple logos to choose from, including the ones included in this proposal.

The **direct link** for Your water waste report form will be...

<https://ReportWaterWaste.com?state=YourStateCode&city=YourCityName>

Examples: (New York) "<https://ReportWaterWaste.com?state=NY&city=New York>"
(Chicago) "<https://ReportWaterWaste.com?state=IL&city=Chicago>"

The ability for your Residents to report **Anonymously**, if desired, and report conveniently **Anytime/Anywhere** via Mobile Phone or other Hand-held devices should dramatically increase the number of waste reports you receive and lead to significant water waste reductions!

Your Investment in this Green Initiative...

The cost of our services is based on your Water "Service Area" Population and covers any Support issues your City Personnel or Residents may have.

ALL future application Upgrades and Enhancements⁽¹⁾ are **FREE!**

No contracts are necessary... pay as you go. We can, however, provide a contract if needed. We can Invoice or accept your Procurement Card monthly or yearly depending on your policies.

Customization for your city/town, including your "Emergency Issues" Contact information and other "Messages to your Residents" can be added at no additional cost.

Training: While we feel the program is intuitive and very easy to use, phone and/or on-line training for your Personnel is available if needed – up to 2 hours **FREE**. Additional training and/or In-Person training is available upon request.

⁽¹⁾ **Enhancements:** We will always be open to your suggestions for enhancements to the application, including New Reports, New Data Fields, etc... We must, however, reserve the right to determine which enhancements will be implemented and the time frame for implementations.

Getting Started...

Please visit <http://www.ReportWaterWaste.com> and click the "Info for Cities and Towns" link at the top of the page. Or, use this link to go directly to that page: <http://www.ReportWaterWaste.com/cities.php>. You can register your water department by clicking one of the "get started" links.

Upon registering your department, you will become the "Administrator" for your department. As Administrator, you can then add other Administrators and/or non-Administrative Users to the application.

"Water Cops", Conservation Specialists, City Engineers, etc... can also be added in order to record time they may spend investigating or managing waste reports.

A few Example Application Screen Shots...

Confidentiality / Proprietary Rights: "Screen Shots" 2, 3, 4, 5, and 6 below contain views of the proprietary ReportWaterWaste.com application interface and are considered our intellectual property... ALL such Rights are Reserved by us.

Also: Data contained in any/all screen shots is considered "Demo" or "Fake" data and is provided only for demonstration of the application's interface.

Help conserve **water** by reporting any **water** waste you witness!

Reports can be made **anonymously**.

Water waste is any water, other than natural precipitation, that flows or sprays into a public right-of-way, city storm drain, or adjacent private property. Most landscaping and city ordinances prohibit any water waste.

Common examples include...

**Overwatering, Broken Sprinklers,
Time of Day violations, Assigned Day violations,
Water Feature issues, Broken or Leaking Pipes,
Misting System violations, etc...**

Please include your Email Address if you'd like to be updated about your report.

Reports will be sent to participating Water Authorities and our Partners as applicable.

Disclaimer: We cannot guarantee any action will be taken by anyone based on your report and we must disclaim any liability related to any instance or situation reported.
